There will be none with us except the battles of trade relative to high prices. The Flying Squadron, at the present time, is no more alert in watching their opponents than we in cutting to the quick an exorbitant price.

SPRING WEATHER

is with us, and with it comes the desire to put on lighter clothing, and, as a consequence, when "stepping out for just a minute," you forget the necessary precaution of protecting yourself against the cool evening winds. Result, a headache and a cold. We have a handsome wind protector in

Honor versus Pride!

By pride angels have fallen ere thy time.
By pride many mistakes have been committed.
Pride, the one excuse for inconceivable wrongs, has caused hasty action and heart-rending results.

BLOOD HAS BEEN SHED.

Crimson Gore of America and Spain Flows on Honolulu Streets.

The Transit brought news last evening that the first shot of the war had been fired, but on Hawaiian soil, in the fair city of Honolulu, has the first shedding of Spanish or American blood to be reported up to the present time.

The thrilling event happened on Punchbowl street this morning, and was witnessed by a large crowd of people.

Mate Harney of the steamer James Mackee owns a fine white American rooster, who generally plies his peaceful occupation of looking for the early worm.

His competitor in the same business, a large black Spanish rooster, lives a few doors up the street.

Both had obtained a copy of The Star extra last evening, telling that war had commenced, and during the night made preparations for mortal combat.

The Spanish rooster started out on his privateering expedition about 8 o'clock. He stopped in front of the American rooster's stronghold, and loudly called him forth to battle. The American rooster was smaller, but with colors nailed to the mast he sailed forth.

After a field battle lasting half an hour, the American rooster was compelled to beat a retreat, minus an eye and a pillow full of feathers. The Spanish rooster also knew that he had been in the fight.

Mate Harney swears that he will cut off the head of his American rooster this afternoon, and eat him for supper.

STRIKES OUT FOR HIMSELF.

Hans the Bootblack Starts Out to See the World.

With \$2.50 in his pockets and a brave heart in the proper place, a Honolulu lad skipped out by the last Zealandia to fight his way in the unsympathetic world. The boy was Hans, the bootblack, well known to every man in town. He goes to a small California village, where he has a friend, Hans worked his passage up from here and expects to reach his destination in the same way. To a few special friends the boy confided the fact that he had brilliant prospects ahead and expected to return some day with more money than he may be able to use.

STEWART COWES DEAD.

Was With the Oceanic Company for Many Years.

Wray Taylor Sends the following interesting dispatch by the Rio:

The Zealandia arrived in San Francisco on April 26th, 6 days and 20 hours from Honolulu. She was not reported until the next morning. Robert Cowes, chief steward, died of general debility the fourth day out from the Islands. The body was embalmed and will be sent to the Islands on the Zealandia leaving May 4th. Mr. Cowes was well known and had been many years in the employ of the Oceanic company.

The Australia is at the Oceanic wharf in San Francisco and has been divested of her Klondike outfit. It is expected she will be turned over to the Oceanic company on the 1st of May, and then resume the Honolulu run on June 1st.

Chief Steward Seeley of the Australia will come down in a similar capacity, taking the place of Chief Cowes, deceased.

Oscar Herold will shortly return to the Islands, but will not come alone. La grippe had hold of him for a week or more. It is rumored that he will be married on May 2nd.

At this time of writing, April 30th, there are only four passengers booked to leave by the Zealandia, May 4. The war has caused many people to give up the idea of traveling, especially on water. A party who want to go to Honolulu say they prefer to go on the Mariposa later, as she is a faster vessel than the Zealandia and she should stand a better chance to show a clean pair of heels to any Spanish cruiser.

Rain is much needed in the state of California. The price of flour and sugar has gone up.

WHITE LOTUS DAY.

Local Theosophists will celebrate White Lotus Day at Foster Hall, corner of Nuuanu street and Foster lane, tomorrow evening, at 7:30 o'clock. Music and readings will be rendered by members of Aloha Branch, and communications will be read from other branches of the society abroad. A cordial welcome is extended to all interested. No admittance fee is charged.

AS A WAR MEASURE.

In a private letter received by the Rio, Herbert L. Jones of the Chicago Chronicle, says under date of April 26th: "Since the war declaration there is more talk than ever about annexation of Hawaii, and it really seems, if one may judge from the Washington dispatches, that the strongest opponents of annexation are now favoring it as a war measure."

One Large Scar

Is All That Remains of Great Scrofula Sores

Neighbors Could Not Bear to Look Upon Her—A Grand, Complete Cure by Hood's Sarsaparilla After Others Failed.

"I was taken with neuralgia in my head and eyes. Not long after this, a scrofula sore appeared on my left cheek, extending from my upper lip to my eye. Other sores came on my neck and on my right arm and one of my limbs. They were very troublesome and painful and soon became great running sores. My face looked so bad that some of my neighbors could not bear to look at me and advised me to wear a bandage, but I feared this would irritate the sore and make it worse. So I

Could Not Hide the Sores.

My niece, who was familiar with a case similar to mine, which had been cured by Hood's Sarsaparilla, urged me to try it. Finally I was persuaded to do so, and in a short time I saw it was helping me. The sores began to heal and the neuralgia in my head was better. In a few months the sores on my arms and limbs all healed; those on my neck gradually disappeared and now they are all gone. I have never had any symptom of scrofula since. One large scar on my right arm is all the sign that remains of my terrible affliction. The neuralgia is also cured." Mrs. J. M. HATCH, Etna, New Hampshire.
